AIR CONDITIONER NEWS

The mighty apparatus on the "third floor" that chills the water which cools the air in our building has struggled through the brutal weeks of summer. We nearly lost it on Wednesday, but a quick fix may have given it a few more weeks of life.

Our new system is being built and should be installed on Sept. 14.

We have raised 88% of the funds to avoid debt on this much needed improvement. (See page 2).

Thank you for your giving, patience, and dedication.
